The Massachusetts Historical Commission (MHC) has converted this paper record to digital format as part of ongoing projects to scan records of the Inventory of Historic Assets of the Commonwealth and National Register of Historic Places nominations for Massachusetts. Efforts are ongoing and not all inventory or National Register records related to this resource may be available in digital format at this time.

The MACRIS database and scanned files are highly dynamic; new information is added daily and both database records and related scanned files may be updated as new information is incorporated into MHC files. Users should note that there may be a considerable lag time between the receipt of new or updated records by MHC and the appearance of related information in MACRIS. Users should also note that not all source materials for the MACRIS database are made available as scanned images. Users may consult the records, files and maps available in MHC's public research area at its offices at the State Archives Building, 220 Morrissey Boulevard, Boston, open M-F, 9-5.

Users of this digital material acknowledge that they have read and understood the MACRIS Information and Disclaimer (<http://mhc-macris.net/macrisdisclaimer.htm>)

Data available via the MACRIS web interface, and associated scanned files are for information purposes only. THE ACT OF CHECKING THIS DATABASE AND ASSOCIATED SCANNED FILES DOES NOT SUBSTITUTE FOR COMPLIANCE WITH APPLICABLE LOCAL, STATE OR FEDERAL LAWS AND REGULATIONS. IF YOU ARE REPRESENTING A DEVELOPER AND/OR A PROPOSED PROJECT THAT WILL REQUIRE A PERMIT, LICENSE OR FUNDING FROM ANY STATE OR FEDERAL AGENCY YOU MUST SUBMIT A PROJECT NOTIFICATION FORM TO MHC FOR MHC'S REVIEW AND COMMENT. You can obtain a copy of a PNF through the MHC web site (www.sec.state.ma.us/mhc) under the subject heading "MHC Forms."

ARCHITECTURAL DESCRIPTION See continuation sheet.

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings within the community.

This 1 1/2-story, 2 x 2 bay, rectangular, turn of the century property is typical of those built in Eastham in this period and its remarkable for its lack of alteration and retention of original fabric. The one alteration appears to be the possible addition of the enclosed entry with extended stoop on the north elevation. The facade is dominated by a full-width, hip-roofed porch supported by cap-molded, square posts mounted on an enclosed rail. Detail is limited to end boards and a boxed, molded cornice and a narrow, plain frieze. Fenestration consists of 6/1, double-hung sash, often paired (ie. on the first level of the facade and south elevation and in the facade shed dormer) with drip-molded trim. Both front (west) and rear (east) slopes of the gable roof are broken by shed dormers. The main entry, located in the northern bay, is comprised of a wooden cottage door of 8 lights above elongated, rectangular panels.

HISTORICAL NARRATIVE See continuation sheet.

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building and the role(s) the owners/occupants played within the community.

No research, data or house file exists for this property at the Eastham Historical Society Archives. The construction date of assigned to the property is base on its form and style. Bungalows are typical among the minor amount of new construction that occurred in Eastham in the early twentieth-century. Because the only Directory for the Town of Eastham dates to 1901, no identification of the original or subsequent owners was possible using available, local records. Deed research will be necessary to obtain more information on the property.
